

# **St Peter's Church, Yaxley**

## **Public Access Statement – G5**

St Peter's Church is open to all. We welcome everyone to our church buildings.

The church building is physically open when volunteer resources allow - for Foodbank (Thursday 3-5pm) as well as when holding regular church services/activities and by appointment.

It is also open for programmed concerts, events and services in the evenings or early mornings and these are advertised on our website ([stpetersyaxley.co.uk](http://stpetersyaxley.co.uk)), external church noticeboards, and various social media channels, to ensure all can attend if they wish.

We have a hearing loop; words of songs, readings and liturgy are displayed on screens.

Many community groups use the church/rooms for meetings and activities, and it is also available to individuals for private functions. Booking of these facilities is open to all on equal terms, as covered in our Equal Opportunities Policy.

The church is accessible for those in wheelchairs through the use of large doors, ramps and a disabled access toilet.

There is dedicated parking near the church suitable for those with mobility requirements.
